Front End Web Developer

SUMMARY

Front-end web developer aiming to create pixel-perfect user experiences by utilizing newly developed skills in HTML5, CSS3, JavaScript, React.js, MongoDB, Node.js, and responsive web design. Earned a professional certificate in Full-Stack Web Development from the University of Texas at Austin. Excited and eager to put my abilities to work as part of a highly motivated, results-oriented team, and to further develop my programming skills and computer science knowledge.
